WHITE FLAG IS DISPLAYED ON DUBLIN FOUR COURTS

Insurgent Forces, Led by Rory O'Connor, Have Surrendered, Press Association Reports—Some Escape Through Tunnel Before Capitulation.

NUMBER OF DEAD ESTIMATED AT 30
Part of Structure Is Blown Up—Leader of Rebels and 130 of His Men March Out With Priest at Head of Column.

By the Associated Press.
DUBLIN, June 30.—The insurgents who have been occupying the Four Courts in Dublin surrendered at 4:10 p. m. today, it was officially announced, says a Press Association statement. The surrender was preceded at 4 o'clock by the holding of the white flag over the building.

An explosion, which blew up a section of the building, preceded the surrender by a few hours. It is believed a considerable number of the insurgents were wounded by the explosion, although they were not occupying that part of the structure which was blown up.

When the surrender took place the Four Courts were still in flames. There were 130 of the irregulars in the party. They marched out with a priest at the head of the column. The Free State commandant has issued orders to come firing.

Thirty of the Free State troops were wounded in the Four Courts explosion. None, however, were killed by the blast.

Some Escape Through Tunnel.
Most of the republicans in the building escaped by means of a tunnel which they had constructed for use in emergency. Their flight was followed by a tremendous explosion. It was officially stated this afternoon that the explosion occurred in the basement in the rear of the Four Courts. It was attributed to a fire, noticed earlier, reaching the explosives. Considerable damage was done.

An immense mass of debris was thrown up by the blast and carried by the wind eastward down the Liffey. Showers of legal papers fell to earth as far as the north wall docks. Among them were legal decrees, pages of law books and fragments of other documents. From this it is supposed that the library section was the part blown up.

Rory O'Connor, commander of the insurgents, was taken prisoner, says the correspondent for the London Press Association. Lieutenant General O'Connell, assistant chief of staff of the Free State forces, who was captured by the irregulars early this week, is safe and free, says the correspondent. The outside story was also perfectly correct in the irregular troops are reported to be few.

Death List Put at 30.
Unofficial estimates of the casualties in the two days' fighting here place the number of killed at more than 30. The number of wounded was 12. Twenty-one deaths were reported and 20 wounded, the latter including both men in the fighting forces and private citizens.

An Irish republican was news poster says that Eamonn de Valera, the republican leader, is on active service with the Dublin brigade, fighting for the Irish republic.

The Free State troops in Dublin were apparently turning their attention today to meeting the insurgent measures in the outlying parts of the city, taking up positions in dozens of buildings, fortifying them strongly and establishing observation posts.

The city is thus rapidly becoming a huge fortress with hundreds of snipers firing almost continuously and the peril to people in the streets hourly becoming more acute.

British Troops Fired On.
Talbot street, where in front of Moran's hotel two lorries containing British soldiers were fired on by the mutineers shortly after noon today, is becoming one of the greatest danger points. The fire from the hotel was maintained throughout the morning in the direction of the Nelson pillar, where the Free State occupy an opposing position.

COMMANDER-IN-CHIEF OF IRISH REBEL FORCES

RORY O'CONNOR.
"BEST WAY OUT OF SCRAPE IS THROUGH IT," TAFT SAYS
Addresses British Press Club, Telling Why Harvey Was Appointed Ambassador.

LONDON, June 30.—Chief Justice Taft of the United States Supreme Court, entertained at a luncheon yesterday by the British Press Club, told its members the United States had recognized the importance and power of their profession by choosing Warren G. Harding as President and George Harvey as American Ambassador to England.

"It has not been the business control of a great daily newspaper," Taft declared, "that earned Mr. Harvey his high post, but his experience and force as an editor. His training taught him to deal with matters promptly and forcefully, and showed him that the best way out of a scrape is through it."

Taft pleaded for closer adherence in the English news columns to strict statements of fact, reserving opinions and legitimate conclusions to the editorial page. This was especially vital, he added, with respect to international matters.

DYER ANTI-LYNCHING BILL RECEIVES FAVORABLE REPORT

Senate Judiciary Committee Recommends It With Amendment, by 8 to 6 Vote.
By the Associated Press.
WASHINGTON, June 30.—The Dyer Anti-Lynching bill, providing for imposition of penalties by the Federal Government for mob action, was reported favorably with amendments today by the Senate Judiciary Committee by a vote of 8 to 6.

Eight Republicans, Chairman Nelson, Minnesota; Dillingham, Vermont; Brandegee, Connecticut; Cummins, Iowa; Rhode Island; Sterling, South Dakota; Ernst, Kentucky; and Shortridge, California, voted in favor of the bill. One Republican, Senator Borah of Idaho, and five Democrats, Culberson, Texas; Overman, North Carolina; Reed, Missouri; Shields, Tennessee; and Walsh, Montana, were recorded in opposition.

BONDS NOT PAYING INTEREST

Mellon Reports Someone Is Holding Onto \$20,000,000 in Victories.
By the Associated Press.
WASHINGTON, June 30.—Somebody is holding on to more than \$20,000,000 worth of 3 per cent Victory notes on which interest is no longer paid, according to announcement yesterday by Secretary Mellon.

All 3 per cent Victory notes were called for redemption on June 15, Mellon said. On June 15, he said, there were about \$240,000,000 of these notes outstanding, but according to the latest reports only about \$20,000,000 worth have been presented for redemption.

EGG FOUND WITHIN ANOTHER

Both Perfectly Formed and Weighed Six Ounces Together.
A perfectly formed egg was found within another egg, which weighed six ounces, when it was broken Wednesday night by H. W. DeBuhr, 345 Williams avenue, St. Louis County. The outside egg was also perfectly formed, DeBuhr said, containing a yolk and other parts. The egg was found by DeBuhr one week ago and was laid, presumably, by one of his flock of Rhode Island Reds.

The new egg was a white-haired woman is 'queen'.

LIEGE, Belgium, June 30.—Liege set a new fashion in its annual beauty contest this year, crowning as "Queen of Queens" neither a young blonde nor a brunette, but a white-haired woman.

NEGRO BURGLAR CAPTURED AFTER BEING WOUNDED

Prisoner Found in Airdome Following Encounters With Police in Which Shots Are Exchanged.

ADMITS ENTERING 4 HOMES DURING NIGHT

Tells of Other Robberies, Which He Says He Committed Nightly for Five Months—Shot in Arm.

A negro, who committed at least four burglaries last night, was shot in the second of two pistol encounters with the police and was captured early today in an airdome where he was hiding. The police announced that they had obtained the negro's admission that he had robbed homes "nightly" for the last five months.

Charles Satchwell, 3140 Rutger street, was awakened at 12:30 a. m. by the noise of someone striking a chair in his room. In the reflected light from another room, he saw a negro wearing blue overalls and a light cap pointing a revolver at him.

Satchwell gave a description of the negro to the Southland Police Station and all patrolmen in the district were notified to be on the lookout for him.

Fires at Policeman.
Thirty minutes later, Patrolman Kiffin of the district saw a negro wearing blue overalls and a light cap emerge from a hallway at 1617 Pennsylvania avenue and ordered him to halt.

The negro fired two shots and fled. The policeman fired three shots and gave pursuit, but lost the negro in a yard after a chase of two blocks.

At 2 a. m. August Ellerman, 1217 Missouri avenue, found a negro wearing blue overalls in his room. The negro ran out without having obtained anything. At 3:30 a. m. Mrs. Aurelia Black was awakened by the same negro in her home at 2327 Rutger street. He ran without having obtained anything.

A few minutes later Patrolman Inger, at Missouri avenue and La Salle street, saw the negro approaching him a half block away and fired three shots. The negro ran and fired three shots at the patrolman. For the second time during the night, a neighborhood, aroused by the shooting, came in a search, but the negro again escaped in a yard at 2321 La Salle street.

Found Hiding in Airdome.
At 4 a. m. a negro wearing blue overalls but with no weapon or cap was found lying between the benches in the airdome at Jefferson avenue and La Salle street. He was wounded in the right arm.

He told the police that he was Melvin Bramley, 19, of 2128 Adams street and admitted, they said, responsibility for the three burglaries listed. He said he had lost his cap in flight and had thrown away his revolver. The police said they found \$11.50 in one pocket and a leather purse containing \$11 in gold. They said that the negro told them he obtained the purse in a fourth robbery, of which they had no report.

The negro told the police, they said, that he could take them to many other houses he had robbed. He could give no addresses, but said he could recognize windows he had entered.

M'CUMBER DEFEAT ANOTHER JOLT TO SENATE STALWARTS

North Dakotan in Body for Nearly Quarter of Century and One of Its Most Powerful Figures.

HARDEST BLOW YET IN SOME RESPECTS

Certain to Be Acclaimed by Democrats as Repudiation of Tariff Bill of Which He Is Joint Author.

By Charles G. Ross.
Chief Washington Correspondent of the Post-Dispatch.

WASHINGTON, June 30.—Life for the Republican stalwarts of the Senate is getting to be just one rude jolt after another. First, Harry New, close friend of the Senate and impeccable supporter of his policies, was engulfed in a tide of neustog progressivism in Indiana. Next, Col. Brookhart, a radical of the La Follette type, who wants to reopen the Newberry case, was nominated for the Senate on the Republican ticket in Iowa. Now the veteran, Porter James McCumber, goes down before the Nonpartisan League in North Dakota.

McCumber has been in the Senate nearly a quarter of a century. As chairman of the Senate Finance Committee which handles tariff legislation, he is one of the most powerful figures in that body. The pending tariff bill bears his name with that of Representative Fordney of Michigan, chairman of the Ways and Means Committee of the House. The McCumber-Fordney bill is the preceding measure, now on the statute books, was the Underwood-Simmons bill and the one prior to that was the Payne-Adams bill.

Author of Bonus Bill.
McCumber is also the author of the bonus bill now in the Senate. He has worked assiduously for the bonus. When most of his Republican colleagues were opposing the bill, McCumber insisted on bringing it forward. His critics have charged that in this McCumber was actuated primarily by the selfish desire to secure the solid vote in North Dakota. He has known for a long time that he would have a hard fight to come back to the Senate.

The defeat of McCumber is in some respects the hardest blow that the old guard has received. It is certain to be acclaimed by the Democrats as a repudiation of the tariff bill. From information which has been received, it does not appear that the tariff figured as a major issue in the primary.

There is some ground, however, for the Democratic claim, inasmuch as McCumber asked for indorsement of his work in increasing existing duties.

Tariff Argument Used.
McCumber told the farmers in the new schedules he had served them well and his appeal for their votes on this score was seconded in statements issued by Senators Capper of Kansas, McNary of Oregon, and Goodin of Idaho, all members of the "farm bloc."

The defeat of McCumber is attributed here in large degree to his feud with the late Senator Gronna of the same State. When Gronna was up for renomination two years ago in opposition to the Nonpartisan League candidate, Ladd, McCumber declined to come to the aid of his colleague. His action at that time offended the anti-league forces of the State, and when McCumber's own turn came they refused to give him their indorsement. McCumber had only the personal organization to do it. Gronna died a few months ago.

Smoot to Be Advanced.
The passing of McCumber from the Senate will advance Senator Reed Smoot of Utah to the chairmanship of the Finance Committee unless the rule of seniority should be abrogated. Smoot had hoped to become chairman of the Appropriations Committee, but that ambition probably will be thwarted, inasmuch as such a transfer would leave La Follette at the head of the Finance Committee. It is not likely that

DECREE SIGNED BY JUDGE FOR SALE OF M. K. & T.

Receivership Ended by Action of Judge Sanborn—Schaff Remains as President Till Road Is Sold.

PRICE TO BE NOT LESS THAN \$28,000,000

Financial Interests Headed by New York Concerns Expected to Buy Property in About Six Weeks.

The decree providing for the ending of the receivership of the Missouri, Kansas & Texas Railway Co. was signed by United States Circuit Judge Sanborn shortly after noon today. The decree, prepared by holders of the road's securities, authorizes the sale of the road by special masters "for not less than \$28,000,000."

The Court appointed Byron F. Babbitt, a St. Louis attorney, and Joseph F. Doherty of Oklahoma City, Ok., special masters to conduct the sale at public auction. The sale will be held at the "Katy" station in Colbert, Ok., in about six weeks. Financial interests, headed by J. & W. Seligman & Co. and Hallgarten & Co. of New York, have planned the reorganization of the road and are expected to buy it in at the sale.

Reorganization Clause Stands.
Judge Sanborn refused to add the clause in the decree granting the reorganizers the privilege of abrogating contracts. He also declined to discontinue the intervention in the receivership suit of the Kansas City Terminal Railroad Association and nine of its 11 member railroads, excepting the M. K. & T.

The Kansas City Terminal group intervened in an effort to avert what they alleged was the threatened withdrawal of the "Katy" from their association, and its establishment of its own separate station in Kansas City. The city of Kansas City tried to intervene for similar reasons, but was denied permission. Counsel for the Kansas City Terminal group intervened in an effort to avert what they alleged was the threatened withdrawal of the "Katy" from their association, and its establishment of its own separate station in Kansas City.

Kansas Group's Claim.
The Kansas City Terminal group has a claim of about \$15,000,000 against the M. K. & T. for its participation in the terminal system.

Charles E. Senz, who is president of the railway corporation since 1912, will continue in his position for six months.

Joseph M. Bryson, counsel for the receiver, declared today that the corporation constituted a distinct entity for their clients and for the reorganization, and that it would permit of the road's participation in the Kansas City terminal system under a more equitable basis than formerly.

The minimum or "upset" price at which the railroad may be sold was determined by the security holders. It is understood that the receiver, Charles E. Senz, who is president of the railway corporation since 1912, will continue in his position for six months.

A feature of the reorganization plan is the assessment of the old common and preferred stock to raise \$18,420,000 cash for reorganization. It is also planned to reduce the fixed interest-bearing debt by about \$45,000,000, and to recapitalize the company for bonds and preferred stock aggregating \$182,320,000, and with 783,155 shares of common stock without par value.

Included in the receivership and its dissolution are two subsidiary lines, the Missouri, Kansas & Texas Railway Co. of Texas and the Wichita, Falls & Northwestern Railway Co. The combined lines aggregate nearly 4000 miles in Missouri, Kansas, Oklahoma and Texas. The eastern terminus is in St. Louis and the general offices are in the Railway Exchange Building.

Receivership Ordered in 1915.
The receivership was ordered Sept. 27, 1915, on the application of two creditors, D. B. Hussey of St. Louis, with a claim of \$125,000 for ties, and the Railway Street & Spruce Co. of New Jersey corporation, with a claim of \$14,609 for supplies. The "Katy" concurred in the request for a receiver. There are 12 constituent suits involved in the present decree.

There has been a rumor that the "Katy" was planning to purchase the Chicago & Alton Railroad to give it a line to Chicago. Officers of the M. K. & T. denied this.

AMUNDSEN SAILS FROM NOME ON TRIP ACROSS POLE

Explorer to Take Off in Airplane From Point Barrow in About Three Weeks, Hoping to Reach Spitzbergen in 24 Hours.

By the Associated Press.
NOME, Alaska, June 30.—Capt. Roald Amundsen, the Arctic explorer, today is on the first lap of the Arctic journey on which he will attempt to fly across the North Pole. He sailed from Nome yesterday afternoon in his exploration schooner, the Maud.

From Point Barrow, the northern extremity of Alaska, he plans to take off in about three weeks in an airplane flight which he hopes will land him less than 24 hours later on the island of Spitzbergen or on Cape Columbia. Grant's Land, Northern Greenland.

With the Norwegian explorer sailed Elmer G. Fullerton, Canadian member of the British royal air force, who will pilot the 165-horsepower Junker monoplane in its flight.

From now on the only communication Amundsen will have will be by the powerful radio apparatus with which the Maud was fitted before she sailed from Seattle early this month.

The crew of the United States guard cutter Bear escorted Amundsen from the dock to his ship. On the forward deck of the Maud Judge R. J. Lomen spoke for the citizens of Nome, bidding the voyager Godspeed and presenting him with a silk American flag.

Stanley Givens, Kentucky Senator's Sallies Bring Laughter From Colleagues and Galleries.

By a Staff Correspondent of the Post-Dispatch.
WASHINGTON, June 30.—A mock defense of Senator Spencer against the jibes occasioned by the Missouriian's letter to Attorney-General Barrett of Missouri was made in the Senate this afternoon by Senator Stanley of Kentucky, Democrat.

Spencer entered the chamber after Stanley had got under way, but did not reply.

The Kentuckyian's sallies, launched through the chamber in a booming voice, brought laughter from his fellow Senators and the audience in the galleries.

Speaking in rolling oratorical periods, Stanley said that he desired to defend his much maligned, much misrepresented and cruelly abused colleague on the other side of the aisle.

Stanley took the occasion to put in a good word for Senator Reed. Stanley's theme was an editorial published in the Post-Dispatch last Wednesday which dealt in sarcasm with Spencer's letter-writing effort to keep Barrett out of the Missouri senatorial race.

OKLAHOMA WOMAN REPORTED WHIPPED BY FOUR WOMEN

Resident of Farm Near Red Rock Left Tied to Tree After Warning As To Conduct.

By the Associated Press.
PONCA CITY, Ok., June 30.—A report received here today tells of an attack last night upon a Mrs. Ramsey at her farm house near Red Rock by four women, who took her in an automobile to a secluded spot and severely whipped her. Mrs. Ramsey was left bound to a tree after being warned concerning her alleged conduct, the advices added. She later released herself.

Recently Mrs. Ramsey was arrested and taken to Ponca City, where complaints had been made about her by several women. She was released soon afterwards and became employed in the wheat fields as a cook. A short time after she went to live with two daughters on the farm near Red Rock. A local newspaper received a letter from a Red Rock woman asking that the Ponca City Ku Klux Klan be appealed to "to save her husband."

"DREAMED KENNEDY WAS GOING TO DIE"

Mrs. Obenchain Told Her Before Tragedy of Strange Apparition in Sleep, Witness Says.

By the Associated Press.
LOS ANGELES, Cal., June 30.—The story of a dream which Mrs. Madalynne Obenchain was alleged to have said meant J. Belton Kennedy was going to die was repeated today by Mrs. Mary A. Balliff in the trial of Mrs. Obenchain for the murder of Kennedy.

Mrs. Balliff said she met Mrs. Obenchain in a Los Angeles beauty parlor in the spring of last year, and again there on July 25. It was on the latter occasion she related the dream, Mrs. Balliff testified, and Mrs. Obenchain said: "It means Belton is going to die."

The witness asserted that Mrs. Obenchain told her Kennedy had "broken faith and deceived her" and had added: "I wonder how long he thinks he can play with a big love like mine and get away with it?"

"I knew Belton was going to die, and I can almost put my hand on the spot it will happen," was another remark the witness said the defendant made. Mrs. Obenchain was declared on Aug. 1, Mrs. Balliff testified: "I can just picture myself sitting in jail." This was four days before the slaying of Kennedy.

Milton C. Cummings testified that he examined a trail leading into the hills back of Kennedy's cottage in Beverly Glen the morning after Kennedy was slain there. He said he saw a trail leading into the hills back of Kennedy's cottage in Beverly Glen the morning after Kennedy was slain there. FEDERAL EXPENSES LAST YEAR KEPT WITHIN ESTIMATES

Undersecretary of Treasury
Reports They Were About
\$500,000,000 Less Than
Departments Demanded.

SMALL SURPLUS OF RECEIPTS IN TREASURY

Balancing Process in 1923
Not Expected to Be So
Successful With \$484,-
000,000 Deficit Predicted.

By the Associated Press.
WASHINGTON, June 30. — The
government balanced its budget for
the fiscal year ending today. To
achieve this result was described by
Under Secretary of the Treasury Gil-
bert as "no mean accomplishment,"
but for the fiscal year 1923, opening
tomorrow, he declared the prospects
"are not good," with a budget deficit
estimated as high as \$485,000,000.

Final Treasury reports for the
closing fiscal year will not be avail-
able for a day or two, but Gilbert
declared that expenditures would be
less than \$3,900,000,000, or \$500,000,-
000 less than was estimated as nec-
essary by the spending departments
at the outset of the year, and that
there would be a small surplus of
receipts.

"That this has been accomplished,"
said, "in the face of the unfavor-
able prospects at the beginning of
the year, is due to the unremitting
efforts of the Government depart-
ments and establishments under the
firm leadership of the President to
reduce current expenditures to the
minimum."

Outlook for Coming Year.
As to the coming year, the Under
Secretary pointed to the possibility
of a deficit greater than already es-
timated, as he contended, appropria-
tions for next year have not yet been
passed by Congress. However, he
maintained, the Government "owes it
to itself and the rest of the world
to keep its finances clean and bal-
ance its budget for 1923 as in the
three previous years, and the only
way to accomplish this is to reduce
expenditures already estimated, and
avoid new avenues of expenditure to
such an extent as may be necessary
to wipe out the indicated deficit."

Discussing the handling of the
public debt during 1922, Gilbert
declared that the approach of the
end of the year the total gross debt
of the United States was about \$22,-
500,000,000, a total reduction of over
\$1,000,000,000 since its peak, on Aug.
31, 1919. This result, he explained,
was achieved by the application of \$1,-
000,000,000 balance in the general
fund made possible by lessened ex-
penditures and outstanding matu-
rations, application of about \$200,000,-
000 of repayments by foreign Gov-
ernments, receipt of funds from sal-
vage and other assets remaining over
from the war aggregating about \$1,-
400,000,000 and the application to
retirement of about \$1,000,000,-
000 of surplus tax receipts during the
fiscal years 1920, 1921 and 1922.

View as to Public Debt.
For the future, he asserted, liqui-
dation of the public debt will have
to be accomplished chiefly from
surplus revenue receipts as the Treas-
ury balance has been reduced to
as low a figure as consistent with
proper conduct of Government busi-
ness.

Enough has been accomplished,
Gilbert stated, to assure the success
of the Treasury plans for refunding
the \$7,500,000,000 short-dated debt,
consisting of Victory notes maturing
in May, 1923. Treasury certifi-
cates of indebtedness and war sav-
ings certificates.

Since the Treasury's refunding
program was inaugurated in April,
1921, he reported, "remarkable
progress" has been made. Victo-
ry notes now outstanding amount
to about \$2,000,000,000, as compared
with \$4,000,000,000 at that time. Gil-
bert said, Treasury certificates "ag-
gregating about \$1,000,000,000 com-
pared with \$2,700,000,000 and war
savings certificates \$650,000,000,
against \$750,000,000.

There are now outstanding, he
continued, about \$2,200,000,000 of
entirely new obligations in the form
of Treasury notes, issued in accord-
ance with the refunding plan. These,
he explained, mature at various
dates in the years 1924, 1925 and
1926, and the Treasury should be
able to frame its plans to take care
of them at maturity out of surplus
revenues or through secondary re-
funding operations if necessary
without undue strain to the finan-
cial markets.

"There still remains outstanding,"
he said, "about \$4,500,000,000 of ob-
ligations maturing within less than
a year, \$2,000,000,000 of which is in
the form of Victory notes and the
refunding presents a problem that
will require the best attention of the
Treasury for practically the whole
of the next fiscal year."

Kentucky School Apportionment.
FRANKFORT, Ky., June 30.—
Schools throughout Kentucky will
receive \$6.10 from the State for each
child in the district in which the in-
dividual school is located. This has
been announced here by State Su-
perintendent of Public Instruction
George Colvin. This is the same per
capita allowance made last year, and
based on the prospective revenues of
the State.

are occupying a number of houses
and have made them resemble fort-
resses by cutting loopholes in the
walls.
The insurgents are also in occu-
pation of 12 hotels and a number
of public houses, school houses and
business premises. Several of these
are in Parnell Square and other va-
cant points in central Dublin. The
newspapers appeared this morn-
ing, but in abridged form. The
numerous danger zones and the cur-
tailed train services are creating
much difficulty in newspaper dis-
tribution.

The street cars are continuing op-
erations outside the danger zones,
but because of the many snipers
about the city, these zones are num-
erous.

Observations by airplanes had
prepared the way for the attack on
the Four Courts, enabling the Free
Staters to map out the inner de-
fenses, says the Freeman's Journal.
The artillery bombardment had thus
been extremely effective and the
breaches in the walls made at the
most vulnerable points. The con-
stant explosion of shells and the in-
cessant machine gun and rifle fire
had, it was believed, lessened the
morale of those behind the walls,
making sleep impossible.

Early last evening, provisional
Government troops were in posi-
tion with bayonets fixed, awaiting
the hour of attack. Bombers were
attached to each unit and machine
guns and armored cars were ready to
cover the advance. After final in-
spection, the first parties, under
cover of darkness, began the ad-
vance from the adjacent streets lead-
ing into Church street and Wine
Tavern street, proceeding at the
double quick.

Irregulars Fall Back.
An intense burst of machine gun
and rifle fire was then opened from
all sides against every defensive po-
sition in the Four Courts. Suddenly
it ceased and the storming parties
advanced on the run. At some points
spirited resistance was met, but this
was soon overcome and the irregu-
lars fell back. The Free State forces
closed in and a number of the
Irregulars were surrounded. Fur-
ther resistance being useless they
surrendered.

The remainder retreated to what
might be termed the last line of de-
fense in the Eastern parts of the
rear building.
Every effort was being made dur-
ing the attack, following the policy
of the provisional Government, de-
clared the Freeman's Journal, to pre-
vent serious loss of life.

An official bulletin issued from the
headquarters of the Free State
troops early today, describing the
capture of the greater part of the
Four Courts, says that special pre-
cautions were taken and the casual-
ties to the irregulars were not heavy.
When the Four Courts was occu-
pied, 33 irregulars were made pris-
oners. The Free State forces occu-
pied the greater part of the build-
ing, including the central hall and
library, and the irregulars were
forced to retire to the rear of the
eastern section, a considerable por-
tion of which was blown away by
artillery fire.

During the evening application
was made to the commanding officer
to admit a nurse in uniform with
a woman to the Four Courts, says
the statement, the appeal being
made on the grounds of humanity.
The officer became suspicious, and
when the nurse was taken for in-
terrogation the discovery was made
that "she" was Thomas Darcy, one
of the signatories to the irregular
proclamation. Darcy said he had
been chief of staff of the irregulars.
He was made prisoner.

"Entering the building, the Free
State troops found mines had been
laid, but these were disconnected. A
large quantity of ammunition, in-
cluding 12 mines, also was captured.
The Government forces, in pass-
ing through the city, were subjected
to frequent attacks from men in
plain clothes. The statement says
the troops "have shown extraordi-
nary control in the face of provo-
cation given in this way."

M'CUMBER DEFEAT
ANOTHER JOLT TO
SENATE STALWARTS
Continued From Page One.

Smoot's old line colleagues, even if
Smoot should insist upon the
change, would let him give way to
La Follette. With La Follette the
second man on the Finance Com-
mittee, the situation, from the point
of view of regular Republicanism,
will be quite dangerous enough.

McCumber's enforced retirement
will be but one of a number of im-
portant shifts in Congress. Repre-
sentative Fess of Ohio is an-
other House member seeking eleva-
tion to the upper body.
Fordney of Michigan, co-author
with McCumber of the tariff bill,
has announced his impending retire-
ment. By an old coincidence, on
the same day that Fordney made

known his intention, the Senate
voted to put shingles on the free
list. It was on the issue of a tariff
on shingles that Fordney, a rich
lumberman, came into the House in
1898.

Referred to by Caraway.
Senator Caraway had reference to
Fordney, among others, when he
remarked in the Senate yesterday,
in the discussion of the Spencer-
Barrett letter, that a number of
House members were suddenly find-
ing that private business interests
demanded their attention.

The retirement of Fess will mean
a new chairman of the Committee on
Education, while Fordney's stepping
out will leave a vacancy at the head
of the important Ways and Means
Committee. Representative Green of
Iowa, under the seniority rule is
next in line for the latter chairman-
ship, and following him comes Rep-
resentative Longworth of Ohio.

There is some talk in the House
about the advisability of passing
Longworth, who is regarded as an
able tariff legislator, over Green.
Such a proceeding would violate the
seniority rule and probably cause an
acrimonious fight. It seems likelier
at this time that Longworth will be
made floor leader to succeed Con-
dell.

PROMISES TO MAKE PLANE FLIGHT ON 100TH BIRTHDAY

Former Senator Cole Expects to
Give New York "Once Over"
From the Skies on Sept. 17.

By the Associated Press.
NEW YORK, June 30.—Former
United States Senator Cornelius Cole,
who will be 100 years old Sept. 17,
has looked New York over after an
absence of 40 years and approved
the changes and developments made
during his absence.

The ruddy-faced, twinkling-eyed
old gentleman, who first took his
place in Congress in 1851, has in-
spected Riverside drive, the sub-
ways, skyscrapers, flappers and mo-
tion picture palaces and found them
all good to look upon, he said.

"In the whole," he chuckled, "I
find the East keeping up pretty well
with California."

Cole, who looked 40 years younger
than his age, considers, next to the
abolition of slavery, for which he
voted, his work for a transcontinental
railroad as the most important of
his career.

"We used to make pretty good
wine in California, and I can't see
that it did me any harm," he said.
"I favor restriction of the sale of
strong drinks, but I cannot see any
harm in mild drinking. Our Califor-
nia wines were harmless, I'm
sure."

Cole has refused present invita-
tions to make a flying inspection of
New York. He has promised his
granddaughter, Miss Cornelia Beck-
man McLaughlin, who holds a pilot's
license, that he will fly with her on
his 100th birthday.

Amusement Co. outside East St.
Louis, has given a bond of \$500,
signed by R. H. Huchelle of East St.
Louis, for his appearance before Jus-
tice Wankelin in Belleville Saturday.
Sheriff Schnipper of Belleville stated
yesterday that this was the fourth
arrest for betting made at the track
and that if bookmaking continued
he will ask the State's Attorney's of-
fice to make application for an in-
junction restraining the operation
of the track. Egan is alleged to have

RAINFALL IN JUNE ONLY .61 OF AN INCH

Less Than in Any June Since
1864, Except 1914—Maxi-
mum Temperature Was 96.

The lack of rainfall in St. Louis
this month has been more pro-
nounced than in any June since 1864,
with the exception of June, 1914. The
total precipitation for the month up
to today had been .61 of an inch.
That amount fell on one day last
year, June 7. The normal rainfall
for June, calculated over 86 years,
is 4.47 inches. A shower fell at 12:30
today.

On 12 days the temperature has
been 90 or above, the highest tem-
perature having been recorded last
Saturday when the thermometer
reached 96. From June 13 to 18,
inclusive, the temperature reached
95 each day. Last year's maximum
temperature in June was 94, on the
13th.

St. Louis' period of drouth has
continued for more than two months,
the last considerable rainfall having
occurred April 25, when the pre-
cipitation was about one-half of an
inch. On 18 days no moisture was
recorded, six days showed a trace
and the remaining six days of the
month had slight precipitations,
ranging from .01 of an inch on last
Wednesday to a maximum of .23 of
an inch.

MANSLAUGHTER INDICTMENT RETURNED AGAINST NEGRO

Truck Driver Held in Connection
With Death of Newspaper
Delivery Boy.

Robert Hadley, 22 years old, a ne-
gro, of 1008 Papin street, was in-
dicted yesterday for manslaughter in
connection with the death of Edwin
Cherry, 17, of 1400 North Twentieth
street, a newspaper delivery boy for
the Post-Dispatch. Cherry was fat-
ally injured last Friday when struck
at Broadway and Taylor avenue by
an automobile truck of the Jost Cork
& Bottle Co., driven by Hadley.

A Coroner's verdict of criminal
carelessness was returned against
Hadley. Testimony was that Hadley
had driven north past a safety zone
for street car passengers and that
Cherry was crossing Broadway with
a bundle of papers behind a south-
bound street car. Hadley said he
was driving slowly and did not see
the safety zone, and that he sounded
his horn.

There is some talk in the House

HARDING TO ANSWER "FRONT PORCH" CALL

President Will Pass Next Week
at Home Town During
Marion's Centennial.

By the Associated Press.
WASHINGTON, June 30.—Plans made by President Harding to return next week to the famous "front porch" on the occasion of the celebration by Marion of the centennial of its founding were revealed today and show that the chief executive expects to be absent for a week from Washington.

The President, accompanied by a small party which will include Mrs. Harding, Gen. Pershing, Charles G. Dawes, the retiring Director of the Budget, Brigadier General Charles E. Sawyer, personal physician to the President, and George B. Christian Jr., secretary to the President, is expected to leave Washington by automobile tomorrow afternoon. The return trip probably will be made so as to bring the President back to Washington a week from tomorrow. Leaving Washington, the President and his party will go directly to Gettysburg, Pa., where late tomorrow he will witness the East Coast Expeditionary Force of the United States Marine Corps re-enact Pickett's famous charge. The presidential party will remain over night at the marine camp, "Gettysburg White House," having been erected there for the party's use.

The trip to Marion will be resumed Sunday and Sunday night will be passed at some city en route. The schedule as prepared will bring the President into Marion late Monday. He is expected to remain there until Thursday when he will motor to Columbus, passing most of the day and night there, and beginning the trip back to Washington Friday.

WOMEN'S CLUBS PRAISE EFFORT TO RAISE STANDARD OF FILMS

Federation Adopts Resolution Offering Co-operation in Movement.

By the Associated Press.
CHAUTAUQUE, N. Y., June 30.—The most controversial topic at the biennial convention of the General Federation of Women's Clubs was disposed of at the closing session today when a resolution on motion pictures was adopted, offering co-operation to members of the industry.

The resolution approves "the effort now being made by the motion picture industry to raise the moral and artistic standard and to develop the educational value of motion pictures," and "the effort of the industry to stabilize its economic conditions to the end that there may be the fullest freedom for development of creative ability."

The convention endorsed a uniform marriage and divorce movement recommending a law which "will prevent hasty and ill considered marriages, preclude interstate confusion and provide a proper justice for all members of the family when divorce becomes necessary."

A national immigration commission to restrict the admission of aliens to this country was endorsed, as was art instruction in the public schools and truth in fabric legislation.

BODY OF MAN FOUND IN RIVER

The body of a man said to have been identified as that of Albert Garcia Cassellas, 37 years old, of New Orleans, was found in the Meramec River near Telegraph road at 8 o'clock last night by Constable Leonard Huebner and a Deputy Constable. The body was clad in a bathing suit. County officers say they have learned Cassellas had gone swimming with a party of friends. Coroner Bracy will hold an inquest at 8 o'clock tonight at an undertaking establishment at 7814 South Broadway, to which the body was taken.

STEADY BUSINESS IMPROVEMENT NOTED IN RESERVE REPORT

Favorable Crop Prospects in District
Given as Principal Reason for
Growing Activity.

Steady improvement in general
business conditions throughout the
Eighth Federal Reserve District is
noted in the monthly report issued
today by William McC. Martin,
chairman of the board of the Fed-
eral Reserve Bank of St. Louis.

The favorable crop prospects in
this district are given as the prin-
cipal reason for this growing activ-
ity, and a willingness of the public
to buy more freely, a decrease in
unemployment and easier credits
are noted.

The coal strike and the possibility
of a railroad strike are having a
tendency to hold back business to
some extent, the report states,
though transportation fails to show
a decided drop because of the cur-
tailment of the fuel movement. The
St. Louis Terminal Railway Associa-
tion, in the first nine days of June,
included in the report, interchanged
48,955 loads as against 47,935 for a
similar period in May, and 40,346
the first nine day of April.

Barbecue at Battery A Armory.
A barbecue and outdoor frolic
with special carnival features, will
be held tomorrow, beginning at 5 p.
m., at the Battery A Armory, 1221
South Grand avenue, under the aus-
pices of the Benefit Fund Committee
of the American Legion. The swim-
ming pool will be open at 5 p. m.
and will be free. Music for dancing
will be furnished by the Musicians
Foot.

Ward off one of humanity's greatest enemies by daily use of Kellogg's Bran!

Medical authorities generally agree that sickness and old age start in the intestinal tract through CONSTIPATION—a condition that every man, woman and child in this nation can positively and permanently relieve through the regular use of BRAN—Kellogg's Bran, cooked and krumbled! Kellogg's Bran is nature's own food, so healthy that the eliminative tract must have to function properly! Bran sweeps, cleans and purifies without irritation or discomfort! So wonderful is its work for health that you can take any person who is run down, whose system is clogged and poisoned by constipation, give them Kellogg's Bran three times a day and eliminate the trouble permanently! Yet Kellogg's Bran is not a "purgative"—simply nature's food. To eat Bran regularly means that you

will become normal in the eliminative tract, and in other organs, and escape the dangers that are transmissible directly to constipation! Your physician will endorse Bran for constipation.

Do not suggest Kellogg's Bran another day. Every member of your family should eat Bran regularly—at least two tablespoons daily; in chronic cases, eat it with each meal. It does great work for children, making them grow big and strong, and safeguards their health.

Kellogg's Bran, cooked and krumbled, is deliciously flavored. Eat it over your favorite cereal. Kellogg's Bran makes the tastiest grama, raisin bread, pancakes—and endless other good things—and it is working for health all the time! Buy Kellogg's Bran at all grocers!

FARMERS' SUPPORT OF
SHIP SUBSIDY SOUGHT

Administration Officials Hope for Favorable Reaction From Agricultural Groups.

By the Associated Press.

WASHINGTON, June 25.—Administration officials are hopeful of a favorable reaction from the country's agricultural interests to arguments favoring their support of the ship subsidy legislation now pending in Congress as presented by President Harding to a group of agricultural leaders.

Discussing the ship subsidy proposal and the relations of agriculture to an adequate merchant marine with a group of farmers' representatives at a White House dinner conference last night, President Harding was said to have emphasized the belief that it was no longer possible for the agricultural interests to be independent of overseas trade.

Speaking for the president after the dinner, Chairman Lasker of the Shipping Board, one of those attending, quoted Mr. Harding as declaring that agricultural production in the United States was as closely linked to world trade as the manufacturing industry. This, the President was said to have stated, was true, not only because of the necessity of foreign markets for the surplus raw food products, but because the manufacturer could not take care of the products of the farm unless a foreign market was assured to him through an American merchant marine.

The President was said to have stated that the necessity of salvaging the nation's investment in a greater merchant marine as a war emergency had engaged the Government in ship subsidizing and thus destroyed former arguments against such a policy.

The question of farm credits also was said to have been discussed at the dinner. The President's guests were said to have favored consolidation of the various bills before Congress for that purpose and the President to have expressed a desire to be helpful.

The dinner was attended by Secretary of Agriculture Wallace, Chairman Capper of the Senate Agricultural Bloc, and Charles S. Barrett of the National Farmers' Union, among the farmers' representatives.

Slayer Sent to Ward for Insane.

DENVER, Colo., June 25.—Orville J. Turley, confessed slayer of Mrs. Emma Wise, rooming house keeper, was formally committed to the ward for the criminally insane at the State Hospital at Pueblo yesterday by County Judge Luxford. Carl H. Turley, Orville's brother, District Attorney of Carter County Mo., was present during the hearing.

CONGRESS OF POLICE CHIEFS

Special to the Post-Dispatch.

NEW YORK, June 25.—Police headquarters received yesterday a cablegram from Commissioner Enright outlining his efforts to establish an international congress of police chiefs, on which he has been engaged abroad. The Commissioner is in Rome.

The message said he had invited the police heads of European countries to send representatives to a convention to be held in this city during the week of Sept. 11. Chiefs of Mexican and Canadian cities have promised to be present. Among the cities included in the Enright itinerary are London, Paris, Rome, Vienna, Brussels and Berlin.

\$2,000,000 TO BE SPENT ON PAVING OF STREETS NEXT YEAR

Ordinances to Form Taxing Districts for 60 Street and 50 Alley Projects Being Formed.

Preparations for carrying out the 1933 program of saving 53 miles of streets at a probable cost of \$2,000,000, being made by the Board of Public Service, although contracts are let on less than one-third of the 1933 program of \$2,999,000.

Ordinances to establish benefit or taxing districts for 60 street and 50 alley paving projects are being drafted, and will be placed before the Board of Aldermen Sept. 15. The 60 paving projects involve a total of 27.8 miles and the alley jobs each require work over one block.

The Board of Aldermen recently passed ordinances authorizing the paving of 11.8 miles of streets in the 1933 program. Ordinances also have been passed forming benefit districts for 13.4 miles of paving. Public hearings on these districts will be held late this summer.

Some reduction in prices of material are expected before next year, President Kinsey of the board said.

Some advances have been reported. Increases in the price of gasoline, Kinsey said, are expected to advance the cost of oil asphalt.

MRS. JEROME F. DUGGAN.

Jerome F. Duggan, attorney, chairman of the City Executive Committee of the American Legion, and Miss May Herson Klepel, daughter of Mrs. A. May Smith, 4121 Laclede avenue, at the Church of St. Philip Neri, 5381 North King's highway, last night, was announced today by the bride's mother. The Rev. Father T. D. Kennedy, who was chaplain of the 18th (St. Louis) Infantry in France, officiated. Duggan and his bride will pass a few weeks in the Ozarks on their honeymoon.

The bride is a graduate of McKinley High School and Benton College of Law. She was admitted to the bar in 1919, but has not practiced law. She formerly was secretary to Senator X. P. Wilkey and is now treasurer of the Women's Bar Association and president of the Jackson Johnson Jr. Post, American Legion Auxiliary, the post that Duggan was active in organizing.

It was known that the marriage was to take place, but the impression was given that it was to be solemnized July 25. The bride's mother said the couple wished a quiet wedding and to surprise their friends.

Mrs. Cynthia M. Polk, 74, dies. Mrs. Cynthia Martin Polk, 74 years old, who lived with her son, Charles M. Polk, an attorney, at 484 Lake avenue, for a number of years, died yesterday at Asheville, N. C., where she had gone three weeks ago for her health. Julius Polk, vice president of the Harris-Polk Hat Co., a son, was with Mrs. Polk when she died. Charles Polk departed last night for Asheville. The body will be sent to Little Rock, Ark. Mrs. Polk's former home, for burial.

Announcement has been made of the marriage of Miss Helen A. Watson, daughter of Mr. and Mrs. C. W. Watson of Lorain, O., and John J. Stodder, son of Mr. and Mrs. John M. Stodder of 6933 Idaho avenue, which took place quietly in St. Louis Tuesday afternoon.

Mr. and Mrs. Stodder have departed for Chicago, where they will reside. The bride was attended by Miss Francis Dickie as maid of honor and Samuel S. Stodder was her brother's best man. Mr. Stodder wore her traveling suit of blue, with a hat to match, and a corsage of roses and valley lilies.

She is a graduate of the University of Missouri. Mr. Stodder served in the aviation corps during the war.

Republican women hear talks by candidates for office. Opposing women candidates for Congress are among the speakers at luncheon.

A candidates' luncheon given by the Harding-Coolidge Club, a Republican women's organization, at the Planters Hotel yesterday was attended by 100 women and 12 candidates who made three-minute speeches.

Mrs. Harry E. Wagoner and Miss Anne M. Evans, who are candidates for the Republican nomination for Congress in the Eleventh District were among the speakers. Miss Evans said that her experience as a school teacher and social worker were qualifications that should be considered by voters and pointed out she was the first woman to file for the office. Mrs. Wagoner stated she had been a social and civic worker for years, but never had been on the State or city payroll. Mrs. Wagoner did not file until the last day for filing. The women are opposing Bernard P. Bogy for the nomination.

These candidates also spoke: A. S. Bender and Albert Schweitzer, candidates for the office of Prosecuting Attorney; Charles W. Rutledge, Frank B. Grodzki and Eugene Hale, Circuit Judge; John W. Shine, Constable, Third District; Herman Bader, clerk of the Court for Criminal Cases; William F. Butler, Assessor; John Schmoll, clerk of the Circuit Court; M. P. Doud, State Representative, Fifth District; and Gustave E. Wetzel, Collector of the Revenue.

Candidates to Address Women. Two candidates for the Republican nomination for the United States Senate have accepted invitations to address the luncheon meeting of the Republican Women's Club tomorrow at 12:15 p. m. at the American Annex Hotel. They are William A. Eacks and Jesse Barrett. An invitation has been sent by Mrs. Frank P. Hays, president of the club, to a third senatorial candidate, R. R. Brewster of Kansas City, to address tomorrow's meeting.

Brewster to Speak at Church. R. R. Brewster, of Kansas City, Republican candidate for the United States Senate, will speak at the Maple Avenue Methodist Episcopal Church, Maple and Belt avenues, at 8 p. m. Sunday on "The Fourth of July and American Ideals." Brewster is a long-time friend of the Rev. Dr. E. Comble Smith, pastor of the church.

MAN WHO KILLED CLASSMATE FREED OF MURDER CHARGE

Student Fired in Quarrel After Alleged Insult to Other's Wife.

By The Associated Press.

STILLWATER, Ok., June 23.—"My conscience never hurt me a bit," declared Earl Gordon, disabled war veteran, following his acquittal here yesterday by a District Court jury of a charge of murdering Beckham Cobb of Birmingham, Ala., his ex-soldier classmate at Oklahoma A. and M. College here on May 9.

Gordon shot Cobb to death on a street bordering the college campus, while it was alleged, Cobb was forcing him to go to the Cobb home to apologize to 18-year-old Mrs. Cobb for an alleged insult. Gordon testified he shot Cobb when Cobb reached for a revolver, exclaiming, "I'll kill you now." Gordon denied that he had been in company with the slain student's wife.

Mrs. Bertie Sue Cobb, the widow, was not in the courtroom when the jurors announced their conclusion and refused to be interviewed at the home of her stepmother, Mrs. Emma Wilson, who asserted Mrs. Cobb did not get to tell all she wanted to on the witness stand.

Mrs. Cobb, with her 18-month-old boy, Beckham Cobb Jr., will remain in Stillwater for the present, it was said.

The spectators in the courtroom cheered the verdict.

JURY CLEARS DRIVER OF CAR THAT HIT BOY

Father of Lad Who Was Killed
Also Absolves Ray Taylor
of Blame.

Charles Hamby, 732 North Tenth street, East St. Louis, shook hands yesterday evening with Ray Taylor, 719 North Tenth street, after a coroner's jury had exonerated Taylor of blame for the death of Hamby's 2-year-old son, Charles Jr., from injuries suffered when struck by Taylor's touring car. Hamby assured Taylor that he, too, absolved him of blame.

Taylor testified that he was driving south on Tenth street, about 12 miles an hour, when the child ran from the curb in front of the car. The left front wheel struck him and knocked him down, but did not run over him. Taylor took him to St. Mary's Hospital where he died at 3 p. m. from a fractured skull and paralysis of the left side.

Frank Weiss, 520 North Eighteenth street, who saw the accident, gave the same testimony as Taylor.

Four Boys Seriously Injured When Auto Hits Curb.

Four boys were seriously injured last evening by an automobile driven by Frank Scherstuhl of 2237A Pulaski street, when he swerved into the curb on Pulaski street, between Compton and Virginia avenues, to avoid hitting another boy, who was crossing the street. The four boys were sitting on the curb. They were: Leonard Bonk Jr., 7 years old, 2227 Pulaski street, who suffered fractures of both legs; Walter Kochawicz, 16, 2221 Neosho street, fractures of the right arm and leg; Anthony Jakubowski, 15, 4724 Louisiana avenue, fracture of a rib and injury to the face; Mike Musulak, 16, 4722 Nebraska avenue, injury to the left leg, cuts and bruises. The Bonk and Kochawicz boys were taken to Lutheran Hospital and the others to their homes.

Three Men Hurt by Truck.

Three men were seriously hurt when a motor truck on which they were riding ran into a telephone pole on Hodiament avenue, about 50 feet north of Clemens avenue, at 3:10 a. m. today. John Bernhardt, 34 years old, of 2406 South Eighteenth street, the chauffeur, suffered a fracture of the spine; Albert Glets, 26, of 1418 Evergreen avenue, St. Louis County, was internally hurt, and Walter O'Laughlin, 19, of 3923 North Nineteenth street, suffered a fractured leg and dislocation of the right shoulder. Bernhardt was driving south along Hodiament avenue and failed to observe that at Clemens avenue the street curved sharply to the left.

He continued straight ahead and in the collision with the telephone pole the truck overturned and the occupants were pinned beneath. Glets and O'Laughlin freed themselves and then lifted the truck from Bernhardt. The latter was unconscious.

Negro Struck, Car Falls to Stop.

An hour after Bud Jones, 52, a negro, of 4032 Lucky street, had been knocked down by an automobile at Easton avenue and Whittier street, at 10 a. m. yesterday, the

driver of the car failing to stop. Eugene J. Moynihan, 19, at 2913 Evans avenue, employed by the Moynihan Plumbing Co., 1918 Olive street, was arrested. He admitted having driven the car that knocked down Jones. Jones suffered abrasions of the head and right leg.

William Dunn, 10, son of Mr. and Mrs. Cornelius Dunn, 2307 South Eleventh street, was knocked down in front of 1620 South Seventh street at 2:30 p. m. by an automobile driven by George J. Hagaman,

74, of 4468 Forest Park boulevard. Hagaman took the boy to the city hospital in his automobile. He was cut and bruised.

470,000 Gallons of Oil for Roads. PEORIA, Ill., June 29.—Approximately 470,000 gallons of oil, valued at \$25,000, will be used by Peoria County this summer in oiling 100 miles of State-aid roads in accordance with the direction of the Board of Supervisors. This cost per mile is estimated at \$350.

INDUSTRIAL REASONS FOR BOND ISSUE PASSAGE CITED

Edgar Gengenbach Explains Needs of City in Talk Before Rotary Club.

Industrial reasons for passage of the \$75,000,000 proposed bond issue for civic needs at the special election, Feb. 14, 1923, were urged by Edgar Gengenbach, assistant general

secretary of the Chamber of Commerce, in an address before the Rotary Club yesterday. He told of the city's fortunate location for taking advantage of the principle of "fabrication in transit," which means the conversion of raw material into finished product as it passes through the city from producing area to consuming area.

"We can talk all we want about our proximity to this area or that center," he said, "but the situation requires the ability to reach decisions

and the ability to reach out. The citizen of St. Louis is in business. He is engaged in furnishing a market for the purchase, fabrication and sale of goods. Get ready to increase this business and there will be broader opportunities, better jobs, more jobs.

He declared that the bond issue would assist in realizing this ambition. The item of \$12,000,000 for enlargement of the waterworks will have a direct bearing on industrial efficiency, he said. He is secretary

of the General Council on Civic Needs.

Farmer Has Terrible Experience

"I don't think anybody ever suffered more pain than I have. Twice I was operated for gall stones and a third operation was advised. A friend in Iowa wrote me how he was cured by taking Murr's Wonderful Remedy. I took a bottle on his advice, with good results, and have since taken the full course. My pains are all gone and I feel I am permanently cured." It removes the gall stones from the gall bladder and relieves the inflammation which causes the pain. Murr's Wonderful Remedy is sold at all drug stores, and is the only one that will cure you or money refunded. At Water-Wilson Drug Co., 1000 N. 1st St., St. Louis, Mo. and at all drug stores.

BEING COOL IS A STATE OF MIND

How a person feels in the summer time is determined by his state of mind. If everything about him looks cool and comfortable, he, too, feels cool and comfortable. It is possible to enjoy St. Louis in warm weather if one has furniture that is made for 95-degrees-in-the shade weather. The Frank-Littor Furniture Company, Fourth and St. Charles, are showing a pleasing variety of summer furniture for indoor and outdoor use. Porch rockers are priced as low as \$22.50. Folding canvas chairs are exceptional values at \$4.50.

SENATE APPROVES DUTIES ON POULTRY, MILK AND HONEY

Walsh Says Proposed Tariff on Cream Would Be Penalty on New Englanders of \$18,756,000 Annually.

WASHINGTON, June 26.—Tariffs on foodstuffs occupied the attention of the Senate yesterday, with committee rates on milk, cream, poultry and honey receiving overwhelming endorsement, despite fights from the Democratic side and some opposition from the majority side in the case of the rate on cream. Duties approved were:

Milk, fresh, 2 1/2 cents a gallon; House rate, 1 cent. Sour milk and buttermilk, 1 cent a gallon. House rate, 1/2 cent. Cream, 2 1/2 cents a gallon; House rate, from 5 to 10 cents. Milk powder, 1 cent a pound; House rate, 1 cent. Poultry, alive, 2 cents a pound; House rate, 2 cents. Dressed, 6 cents a pound; House rate, 4 cents. All other poultry, dressed, 8 cents a pound; House rate, 20 per cent ad valorem. Poultry prepared or preserved and not specially provided for, 15 per cent ad valorem; House rate, 22 per cent. Honey, 2 cents a pound; House rate, 2 1/2 cents.

Debate Brings Controversy.
Debate over the milk and cream duties developed a controversy among New England Senators, with Senator Walsh, Democrat, Massachusetts, leading the fight to reduce the rates and Senator Dillingham, Republican, Vermont, supporting the committee duties.

Explaining that New England did not produce sufficient cream to supply the demand during the summer months, Senator Walsh argued that the duty proposed would be a penalty on the people of New England amounting to \$18,756,000 annually. Discussion of the proposed duty on honey brought forth considerable humor and sarcasm from the Democratic side. Senator Stanley of Kentucky remarked that no doubt the duty was designed to sustain the higher standard of living of the American honey bee, and declared that the "utter indifference of the Democratic party to the American honey bee is pathetic."

Senator Hitchcock, Nebraska, gave it as his opinion that the duty was designed to protect the American bee from the German bee, which, he said, necessarily enjoyed a much lower living cost than the American bee.

Senators Johnson and Shortridge, California, Republicans, defended the committee rate. Senator Johnson declared the condition of the honey industry in his State was not a matter for laughter; that it was extremely serious and that importations were threatening its very existence.

Everything sets pretty and looks more than favorable for a humdinger Saturday, being the first day of the month, gives every working man an extra surplus.

MANY WOMEN GREET REED AT RECEPTION

Senator Seeking Re-Election Explains Position on Suffrage Amendment.

For nearly three hours last night Senator James A. Reed met a steadily moving stream of St. Louis women of all ages who crowded forward to shake his hand and assure him of their support in his contest for renomination, as he stood on the lawn of Charles L. Geraghty at 5479 Delmar boulevard. He was the guest of honor at a reception by the women's division of the "Reed-for-Senator" clubs.

Many men were also present in the evening, while about 200 women attended the reception for him at the home in the afternoon.

Mrs. Kate Neuman of 2102 North Thirteenth street, who signed up new members of the "Reed-for-Senator" clubs, announced that nearly 2500 names had been added to the rolls at the reception.

The smaller afternoon crowd was made up mostly of women, many elderly and some from near by towns. In the evening a good tenth of the attendance comprised men, who added their cries of "Speech" to those of the women.

Senator Reed's talk was brief, beginning by saying that he was deeply moved by the enthusiastic reception and asserting that he could see no reason why the opinion was held in some quarters that he was opposed to women, the Senator declared.

"There were men who believed that the Federal Government should not interfere in the question of women suffrage, holding that it was a matter for the individual states and that already Federal authority was encroaching too much on that of the states. Because some of us had this opinion, it does not mean that we do not hold women in the highest esteem. Some people, however, seem to have been unable to see the distinction."

Senator Reed declared that, with woman's suffrage now provided for, it became, not only woman's privilege, but her duty, to vote and to take an active part in political issues. He praised the activities of American women in the world war, in illustrating his statement that women never had failed to meet the responsibilities placed upon them.

Among the women on the reception committee were Mrs. Nat Brown, chairman for the event, and a member of the League of Women Voters; Miss Emilie Sweeney, chairman of the women's division of the "Reed-for-Senator" Club; Mrs. A. Lottman, Democratic City Committeewoman from the Third Ward; Mrs. Sarah Spraggon, president of the

Wolff 1 Down to Von Elm,
Evans 1 Up on Wright
At End of 18 Holes

St. Louisian's Medal Score of 75 Is One Stroke Below Opponent's Score—Chick Evans Frequently Drives Into the Rough—Wright 2 Up at One Stage.

By the Associated Press.
HILLCREST COUNTRY CLUB, KANSAS CITY, Mo., June 30.—George von Elm of Salt Lake City finished the first 18 holes of his semi-final match of the Western Golf Association tournament 1 up on Clarence Wolff of St. Louis. Wolff, after leading at the start, went to pieces near the end, hooking most of his shots. Wolff's medal score was 74-75, and von Elm's was 73-74.

"Chick" Evans of Chicago won the last three holes of the first 18 of the other semi-final match with Fred Wright of St. Louis, and led the Pacific Coast star 1 up at the half-way mark. Evans sank 15 and 30 foot putts to overcome Wright's lead.

Evans' medal score was 71-72, which is par. While Wright had 72-73.

Evans took the first with a par. 2, while Wright's three putts gave him four. "Chick" then became a driver, shoving an approach and hooking an iron, while Wright's four putts on the second, third and fourth gave him a two-hole advantage. Evans then settled down, making the fifth and winning the sixth when Wright drove into the rough and was short on an approach.

A 20-foot putt for a birdie 2 on the short seventh made Wright 2 up again when Evans' 30-foot putt rimmed the cup and par 3 resulted. "Chick" cut the lead to one hole with a 15-foot putt for a birdie 2 on the eighth and then halved the ninth in par four, leaving Wright 1 up. The cards:

Par out . . . 3 4 5 5 4 4 3 4 4 37
Evans out . . . 3 4 5 5 4 4 3 4 4 37
Wright out . . . 4 3 4 4 5 5 4 4 4 32
Clarence Wolff of St. Louis made the nine hole turn 1 up on George von Elm of Salt Lake City in the other semi-final match. Wolff had a 28 and von Elm 33.

Evans and von Elm halved the first in bad fours and also were even on the second. Von Elm then reached the 2nd green in 2 and was down in two putts for a birdie four and the hole.

Wolff came right back with a birdie on the next, evening the match when par was von Elm's best. Fred then halved but Wolff took the sixth and seventh in pars. Von Elm being one over par on each.

The eighth was a par five for each and von Elm's 30-foot run up put him on the ninth when the hole and left him one down. The cards:

Wolff out 445 454 454-38.
Von Elm out 444 455 455-39.

World's Champion French Girl Eliminates Conqueror of Mrs. Mallory, 6-1, 7-5.

By the Associated Press.
WIMBLEDON, June 30.—Mlle. Suzanne Lenglen of France, who holds the world's women's tennis championship, won her match in the international grass court tournament here today from Miss Kathleen McKane, former England's best player, 6-1, 7-5.

Dean Mathy, seventeenth in the American national ranking, was eliminated from the tournament by Henri Cochet, the Frenchman. The score was 6-2, 6-1, 6-2.

Mrs. Molla Bjurstedt Mallory, American woman tennis champion, was defeated by Mrs. E. J. Hackett, a British player, 6-1, 6-2.

The penalty against Craft, the league president said, would have been more severe "except for his manly apology and his proved previous good behavior."

The suspension was in connection with the imposition of a 30-day suspension and fine of \$50 against Pitcher Craft of the New Orleans club as a result of an umpire Johnson during a recent game at New Orleans.

Washington University Tennis "Ace" Beats Michigan Rival in Uphill Match.

PHILADELPHIA, June 30.—R. K. Parks and George O'Connell, Oklahoma, entered the semi-final round of the doubles in the Intercollegiate lawn tennis tournament today when they defeated R. N. Bradley and G. C. Gould, Harvard, 6-2, 6-4, in the third round.

By Robert T. Paul,
A Special Correspondent of the Post-Dispatch.

PHILADELPHIA, June 30.—"One of the best college singles matches that ever played" was the compliment paid to the semi-final round match of the Intercollegiate Lawn Tennis Association championship tournament at the Merion Cricket Club, yesterday, in which Wray Brown of Washington University triumphed over Walter Westbrook of Michigan.

By this three-set 4-6, 6-1, 6-1 victory the St. Louis athlete entered the final round where tomorrow afternoon, he will meet Luke Williams of Yale, on the Merion turf courts. Williams surprised by eliminating Phil Neer of Leland Stanford, the 1931 title winner, in straight sets.

Official Praises Brown.
"Brown played a wonderful game," declared Paul W. Gibbons, the enthusiastic president of the Philadelphia District Lawn Tennis Association, who calls top-faunts in the present tournament. "His court game, his strategy and his tactics were splendid, while his tactics won him the game," continued Gibbons.

In the first set he noticed that Westbrook was a wonderful player, that he tried for everything and usually made some sort of a return. So, after seeing Westbrook return many of his shots in the first set, which the Michigan star won 6-4, Brown changed his tactics, and instead of trying to make points on each stroke, he was content to just return the ball, engage in long tangles, which usually ended in Westbrook becoming impatient and committing an error.

Brown Killa Westbrook's Lob.
"Brown made short work of Westbrook's star stroke—his lob. In the very first set Brown took this shot away from Westbrook by the way he stepped back and turned the lob into a kill. After this happened a few times Westbrook stopped lobbing and so lost the weapon which had carried him into the semi-final.

No fault could be found with Brown's playing and he was in such form then tomorrow he should have an equal chance of defeating Williams."

Criticizes Brown's Service.
"Brown, though, is handicapped by his side-arm service. While a player with a fine overhead service is capable of putting all he has into his service, when an ace decides the game, Brown has only his side arm swing which, while accurate, never scores an ace."

Brown demonstrated yesterday that he possesses a number of fine strokes. In the last three games of the third set he made four beautiful lobs, which landed only an inch or two from the back court line and had Westbrook beaten by several feet.

Williams also played the best tennis of his career yesterday in defeating Neer, so that the final round tomorrow promises to be a hot one. Both finalists are very steady, excellent court generals and cool and collected in the heat of battle.

The Washington University doubles team of Brown and Karl Kammann lost in the second round to R. K. Parks and George O'Connell of Oklahoma.

FIRST OF 7 CAPITOL PAINTINGS COMPLETED

Canvas of Eads Bridge, 16 by 9 Feet, Work of Frank Nuderscher.

The first of seven paintings to be done by Missouri artists to depict the natural resources of the State in the Capitol at Jefferson City has been completed by Frank Nuderscher of St. Louis. A reproduction of the canvas, which is 16 feet long and 9 feet at its greatest height, appears on the pictorial page of today's Post-Dispatch.

It is Eads Bridge, but Nuderscher has painted far more into his picture than a likeness of the great structure which is the admiration of all who view it for its transcendent architectural beauties.

For St. Louisans, he has painted a reminder that their city took being from the river and a prophecy that it can be reborn on the river. He has placed under the bridge a river teeming with commerce and giving life to great industrial smokestacks swirling about it. He has pictured the great crossing of the Mississippi, the link of the East with the West—a modern presentation of the day when St. Louis gathered up the travel from all the East and, passing it over the first bridge to span the Father of Waters, scattered the pioneers north, south and eastward through the great West.

Nuderscher's painting says that the river now can gather up the products of the valley and send them forth to all the world and gather in the products of the world and send them broadcast through the valley—a re-planting of its past beneficence.

Heightening the golden promise, Nuderscher has painted the bridge in the morning sun. Great splashes of orange light fall upon the piers and, filtering through the arches, touch up the skyline of modern St. Louis with the yellow light of a new day. The river runs swiftly as if to give warning that each unseized moment carries fortunes past. The colors lift the bridge from somber stateliness to a sentinel of brightness for the city's future.

Nuderscher spent two months upon the picture. Those of his friends who have watched it grow have said that it is the fulfillment in quality of the promise of his earlier painting about Industrial St. Louis, to which frequently has been awarded the Chamber of Commerce annual prize for scenes of the city at work.

Ralph C. Ott of Springfield, another of the artists commissioned for contribution to the natural resources museum of the capitol, is completing in the same studio with Nuderscher his Ozarks scene to present the State's water power through Lake Taneycomo on the White River in Taney County.

A THIEF RANSACKED THE OFFICE OF Campbell & Co., 707 Liberty Central Trust Building, yesterday afternoon. In the absence of the occupants, and stole an electric fan valued at \$15. He also took a canteen containing \$3.80 and trinkets belonging to Miss Celeste Meyer, 4050 Kennerly avenue, a stenographer.

Going away?

VACATION time is here! The Summer exodus is on! All America, young and old, is off to the lakes, the mountains or the sea.

No matter how far you journey you will find a Bell Telephone at the other end. Don't overlook the fact that you can pass back to those at home a goodly amount of pleasure by keeping in touch with them over long distance.

They will enjoy frequent reports of your pleasurable adventures. By taking advantage of the reduced "evening" and "night" rates on station-to-station calls you can minimize the cost. After 8:30 P. M. such calls cost about half the day rate, after midnight about one-fourth. A midnight station-to-station call from St. Louis to Atlantic City, for instance, costs but \$1.40.

MY FAVORITE STORIES

By IRVIN S. COBB

ONLY THREE OF THEM HAD REMAINED.

FROM where he lived high up on a ridge of the mountains along
the boundary between Kentucky and West Virginia, an elderly
hillman came down to the general store at the crossroads for
providence. There he met a lowland acquaintance who asked him
whether there was any news up in the knobs.

"Well, son," said the mountaineer, "I don't know as there's any
neighborhood gossip stirrin' that I kin tell you, without you'd keer to
hear about my affair with them dad-fetched Hensley boys."

The visitor professed a desire to know the details.

"Well," said the old gentleman, "off and on, here lately, I've been
havin' a right smart trouble with them Hensleys. The whole parcel of
'em live right up the creek a little piece above my place, and here
lately they tuck a sort of a grudge ag'in' me. Every night when I
went out to feed the stock they'd be hid in the brush fence at the lower
end of my hoss lot and they'd shoot at me with them high-powered
rifles of their'n. It pestered me no little!

"Finally I got plum' outdone over it. Of late years I've tried to live
at peace with one and all; but there's a limit to any man's patience.
Besides, I'm gittin' along in years and I can't see to aim the way I
could once, on account of my eyesight; but I jest made up my mind the
other night that I wouldn't stand it no more.

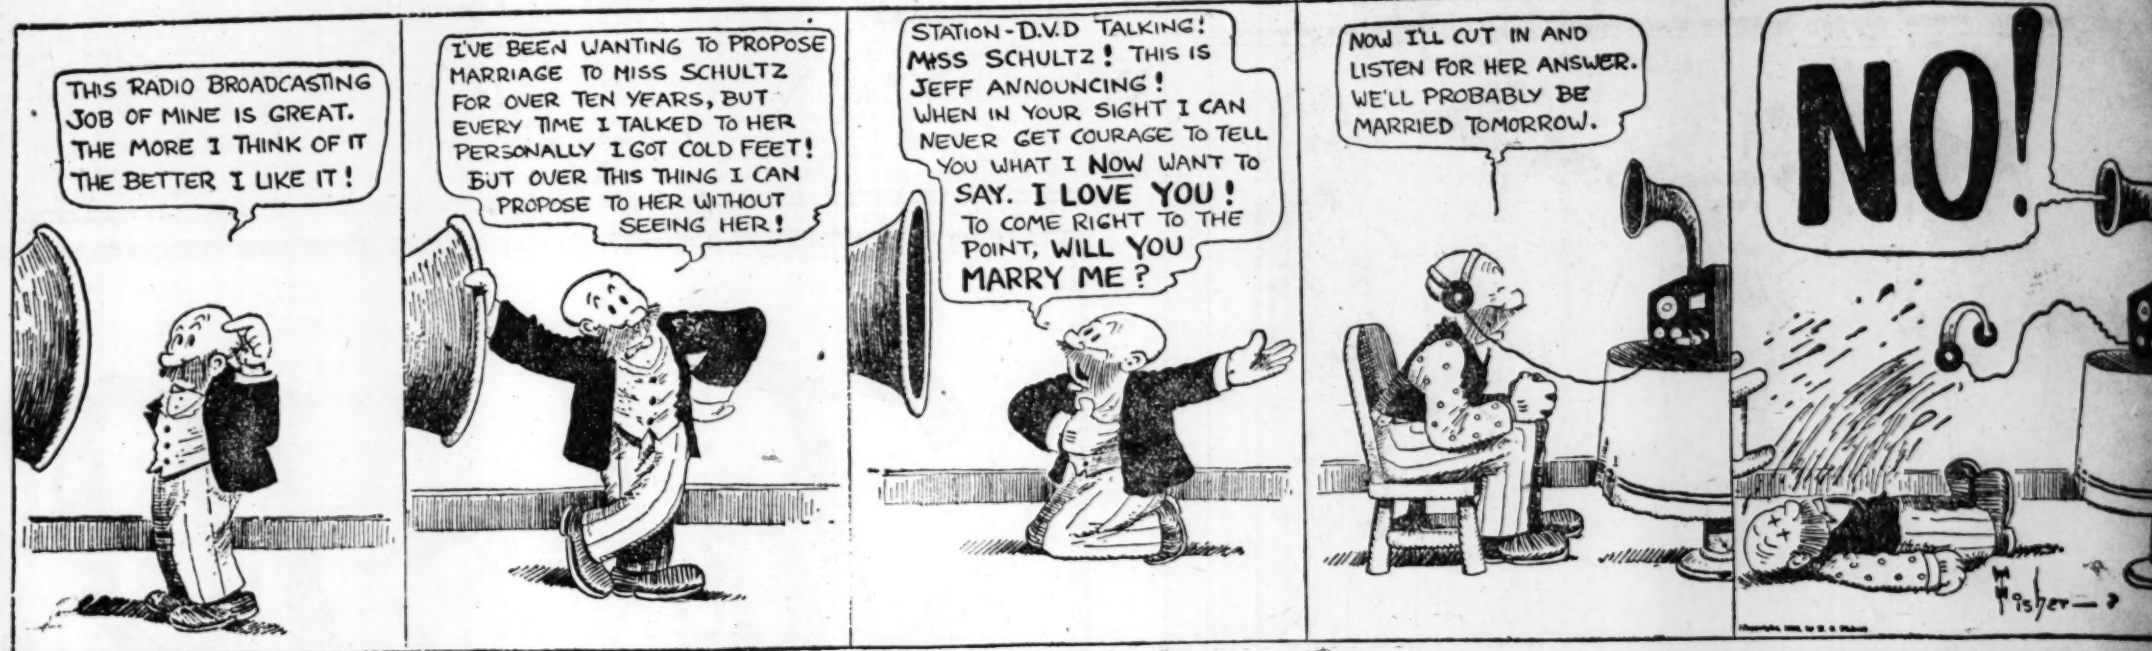

"So that night when I went out to feed I taken my old gun along
with me. Shore enough, they was ambushed in the same place, and
they cut down on me jest as soon as I came into sight.

"So I up with my gun and I sort of sprayed them bushes with bul-
lets. That seemed to quiet 'em down, and I went on with my feedin';
But after I'd got through I felt sort of curious and I walked down to
that there brush fence and taken a look over on the fur side of it.
And, son, all of them Hensleys was gone but three!"
